PROFESSIONAL EXPERIENCE

Data Analyst Intern, DataBird, Mar 2024 - Sept 2024

Dhaka, Bangladesh

- Analyzed large datasets using Python (pandas, NumPy) and SQL to uncover trends in customer engagement for a retail analytics platform.
- Built interactive dashboards in Power BI to visualize key performance indicators, improving data accessibility for non technical stakeholders.
- Cleaned and transformed raw data for use in weekly reporting, reducing data preparation time by 30%.

ACADEMIC PROJECTS

Earthquake Anomaly Detection

- Designed and implemented a machine learning pipeline to detect anomalies in seismic activity data. Leveraged time series analysis and unsupervised learning to highlight irregular patterns potentially linked to earthquakes.
- Link: <https://www.kaggle.com/code/sadia21121/earthquake-anomaly-detection>

Type 2 Diabetes Risk Prediction

- Developed a classification model to predict the likelihood of Type 2 diabetes using clinical and lifestyle data. Focused on data cleaning, feature selection, and model evaluation to ensure high predictive accuracy and interpretability.

Football World Cup 2022 Website - Award-Winning Team Project

- Worked as part of a collaborative team to build a dynamic and responsive website centered on the FIFA World Cup 2022. Contributed to both frontend and backend development, and database, optimizing the user experience. Honored with the **Best Project Award** by course faculty for outstanding execution and innovation.

TECHNICAL SKILLS

- **Programming:** Python, SQL, R
- **Data Analysis & ML:** pandas, NumPy, scikit-learn, TensorFlow, PyTorch
- **Web Development:** HTML, CSS, JavaScript (Frontend), PHP (Backend)
- **Tools & Platforms:** Git, Jupyter Notebooks, VS Code
- **Other:** Data preprocessing (EDA), Model evaluation, Full-stack Development
- **Visualization:** Matplotlib, Seaborn, Power BI

EDUCATION

MSc Data Science, Aston University, Birmingham, United Kingdom

January 2025 – January 2026

BSc Computer Science & Engineering, East West University, Dhaka, Bangladesh

Major in SOFTWARE ENGINEERING

January 2020 – January 2024

CERTIFICATIONS

- Data Analytics and Power BI - Interactive Cares

PUBLICATIONS

- Enhancing Early Diagnosis and Precise Classification of Type 2 Diabetes with Diabetic Retinopathy Using Machine Learning and Image Processing, **7ICOIACT**, 20 November, 2024
